

Streamline Digital Transformation and IT Modernization for Multicloud Mission-critical Environments

ABOUT VIRTUSTREAM

Virtustream LLC, a Dell Technologies Business, is the enterprise-class cloud company trusted by public sector organizations to migrate and manage their mission-critical applications (ERP, CRM, BI, etc.) in the cloud. Virtustream specializes in supporting federal, state and local entities—helping them meet mandatory requirements such as FedRAMP Moderate P-ATO, CUI, ITAR and EAR. Our xStreamCare Services™ portfolio allows government organizations to gain the insight, experience and economies of scale they require to digitally transform and get the most value and performance out of their applications and infrastructure.

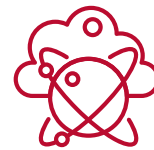

Why Virtustream?

Industry-leading SLAs

Multicloud solutions for mission-critical applications

Partnered with Dell Technologies

Lower costs with full lifecycle support

Optimized for your Enterprise

Run efficiently and economically across hybrid and multicloud environments, while Virtustream helps you achieve the highest levels of security, performance and availability.

Accelerating Business Value

Accelerate time to market with Virtustream's best in breed services that allow your IT staff to focus on innovation and driving value for the business.

Maximize Uptime and Performance

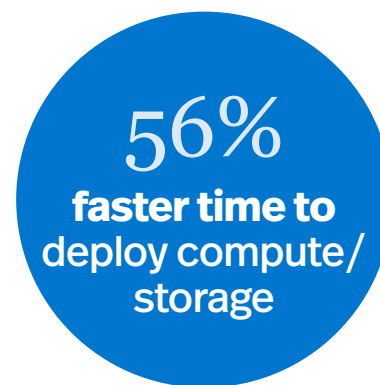

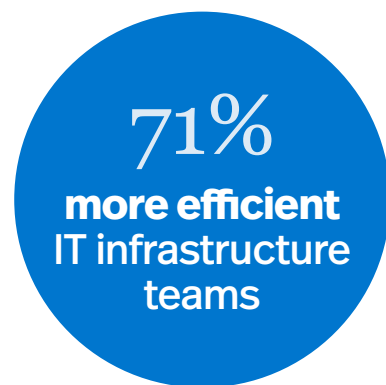

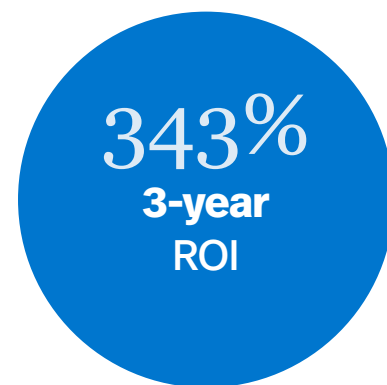

A disruption in mission-critical workloads can have a significant impact. Leverage availability SLAs up to 99.999% for IaaS and 99.95% for mission-critical applications.

Trusted Partner

Virtustream's team is always ready to support your multicloud journey. Work together with Virtustream to plan, implement and optimize your cloud strategy, aligning to business outcomes.
